

Algebra I Credit Earned for High School Transcript Amy Biehl High School

You may be eligible to receive High School credit for an Algebra I course taken in middle school provided the grade for each semester was a B- or higher. To receive credit you must do the following:

- Complete this form
- Have the principal of your middle school sign this form** verifying the licensure of your Math teacher and the grades you received
- Submit this form to the ABHS registrar

Student and Parent please complete the following;

_____ (Student Name)

_____ (Student Identification Number)

_____ (Middle School Attended)

_____ (Name of Algebra Teacher)

****The box below should be completed by your middle school principal**

Algebra 1 Semester 1 Grade: _____
Algebra 1 Semester 2 Grade: _____

I verify that the student listed above received credit for Algebra I and the class was taught by an instructor that holds a Secondary 7 -12 Mathematics license and is designated as Highly Qualified by the State of New Mexico Education Department.

Teacher License Number: _____

_____ (Principal Signature) _____ (Date)

Student and Parent: By signing this document you verify the following:

- I understand that the *grade earned in my middle school Algebra I class will appear on my High School Transcript and be calculated into my cumulative G.P.A.
- I understand that in addition to my Algebra I credit I will need to earn three additional math credits in order to graduate
